

Hospital Profile Information

[[Home](#)] | [[Full List](#)] | [[County List](#)] | [[Individual Profile](#)]

The following is a list of all facilities for which information was compiled and sorted by the number of substantiated investigations by the California Department of Health Services (DHS). This listing reflects information obtained by KNBC-TV through public records requests to the California Department of Health Services (DHS). The information comes from the department's ACLAIMS Facility Profiles. A Facility Profile provides a quick overview of the facility's performance history according to DHS, consisting of surveys, reported events, complaints and their resolution. Information listed in these profiles reflects activity for the facility from January 1, 1999, through March 1, 2004. KNBC-TV compiled this data for the 165 acute hospital facilities listed below. Any questions concerning this data should be addressed to the California DHS. [Click here for more information.](#)
