* Calculations done by the Lotus Center for Integrative Medicine in Los Angeles. www.lotuscenter.com, (323) 551-5962

** Calculation of total average performed as follows: A = Success rate per group, N = Number of patients per group. ((A1 x N1) + ... + (An x Nn)) / (Ntotal)

*** Mistakes in calculation are always a possibility, links have been provided to the sources so you can check them yourself. If you notice any errors, please let us know.

**** Colorado center for reproductive medicine was included for comparison purposes only: it is reputed to be the top IVF clinic in the US.
